SUMMARY

Motivated full-stack web developer with experience creating projects from ideation to execution. Earned a certificate in full stack development from the University of Denver. Skilled in JavaScript, CSS, Node.js, and responsive web design. Strength in collaboration, communication and problem solving. Ready for an entry-level position to be a hard-working asset to any team, to learn, grow and develop long-term.

TECHNICAL SKILLS

Languages: JavaScript ES6+, CSS3, HTML5

Front End: React, Bootstrap, Bulma, jQuery

Back End: Node.js, Handlebars, Express.js, React.js, MongoDB, MySQL, API, SQL, NoSQL

PROJECTS

Really Good Fake Store | <https://github.com/CaitlinSwickard/Really-Good-Fake-Store> | <https://really-good-fake-store.herokuapp.com/>

- Summary: Mock ecommerce store loaded with products. A user can create a login account, shop products by category. The user can then add products to a cart function and edit quantity or delete.
- Role: Backend: user authentication development, API routes for product
- Tools: Handlebars express, JavaScript, Bootstrap, MySQL, Node.js, Express-sessions

The Social Petwork | <https://github.com/CaitlinSwickard/The-Social-Petwork> | <https://serene-tundra-79280.herokuapp.com/registerpage>

- Summary: This project is a social media application for pets! The user can register/login, make posts, like posts and view the timeline. The user can also edit or delete their own posts.
- Role: Scrum Master, developed backend API routes for CRUD on user posts.
- Tools: React, JavaScript, Material UI, CSS, Node.js, Apollo Server Express, MongoDB/Mongoose

Weather Dashboard | <https://github.com/CaitlinSwickard/API-Weather-Dashboard> | <https://caitlinswickard.github.io/API-Weather-Dashboard/>

- Summary: This project is a Weather Dashboard for a city that the user wants to look up. This page will display the current weather for the city as well as a 5 day weather forecast.
- Role: Sole author
- Tools: JavaScript, HTML, Bootstrap, CSS, API

EXPERIENCE

Logistic Processor

Nordstrom

10.2019 - Current, Denver, CO.

- Assist in overseeing team members on training and proper execution of receiving, unloading freight, unpacking and delivering newly arrived merchandise to selling departments.
- Utilize inventory management systems to scan, process and research merchandise shipments in accordance with our inventory control processes.
- Fulfill and ship customer online orders following quality, packing and shipping standards.

Assistant Manager of Product

Banana Republic

7.2010 - 6.2019, Denver, CO.

- Coordinated and planned business for a \$5 million store, proactively re-merchandised high dollar and under-performing items based on revenue, concept and quantity analysis.
- Analyzed sales metrics to create and execute strategies to achieve performance goals, earning bonus incentives during multiple sales quarters.
- Developed staff in alignment with standard operating procedures to optimize efficiency and productivity in shipment, replenishment and organizational standards.
- Facilitated talent development of Specialist Program advancing associates into various leadership roles.
